

Kennedy Orthodontics, Ballymena.

Contract Services Design Studio, were appointed by Kennedy Orthodontics to provide interior and furniture solutions to complete an exciting expansion to their Headquarters in Ballymena. The project included; a waiting area, clinical rooms, dentist shared offices, kitchen, storeroom, executive boardroom and a private office. Boss Myriad modular seating was the perfect choice for the waiting area, an infinite and versatile range offering maximum seating capacity. Allowing an increase to 30, with comfort at the forefront. The polished cast aluminium leg detail compliments the vibrant red velvety feel upholstery Agua Sark. The combination is very striking set against the tonal carpet and works cleverly with the corporate brand. In the Clinical Rooms Boss Paloma visitor chairs offer comfort with a striking design. Finished in Camira Vita Koala with black powder coated steel four leg bases. In the Dental Offices the chosen workstations were Elite Optima Plus in white with black graphite framework, accompanied by Boss Paloma visitors' chairs creating a feature in corporate red. The tactile upholstery is Panaz Highland Red with black steel four leg bases.
